NEW LIGHT ON LYNCH ACCIDENT

Austrians Arrested for Stealing from Fellow Workmen-Popular Weddings-Death of Hazel A. Kent.

The commencement exercises of the Ogden High school were held in the Grand Opera House last evening, every seat in the building was occupied and many stood up in the alsles to hear the excellent program that was rendered.

The exercises were commenced by the brehestra rendering a bautiful overture and Rev. Samuel Blair offered the invocation. Wade McCall delivered a very fine, forceful address of welcome. "The Power of Melody," a lengthy, but well prepared essay was given in a clear tone of voice by Miss Lillian Maybet Stanley, "Compensation" was the subject of a masterly address delivered by Zeddie Evans. The "Class Ode" was beautifully rendered by Miss Florence Dec. It was a literary production of merit. Each of these numbers was evidence of the efficiency of the Ogden High school and the magnificent scol-astic facilities it affords the young people of Ogden. The address delivered by Hen. Frank J. ARRESTED FOR STEALING \$1,027. George Locket, George Lucteh and of Goutz, three Austrians who have been working on the Ogden-Lucin cut-off, were brought to Ogden yesterday afternoon by S. P. Detective Cordon and turned over to Sheriff Josepenson of Brigham City, who took them to that place last evening, where it is expected a charge of embezzlement of \$1.027.05 will be brought against them. These three men were working on the cutoff as cooks and decided about two weeks ago to come to Ogden. As is the custom with the Austrian laborers they save their earnings and then send it to Ogden to pay their bills and deposit in the banks. About a dozen Austrians saved the amount stated and gave it to the three cooks to bring to Ocden. The e three cooks to bring to Ogden. WEBER COUNTY AFFAIRS.

At the meeting of the board of coun-At the meeting of the board of country commissioners yesterday, the resignation of O. S. Taylor, as justice of the peace of Harrisville, was accepted and George McGregor was appointed to succeed him.

The following report of the board's

visit up the canyon was received and adopted: To the Board of County Commissioners,

Gentlemen.—At your request we wish to represent that pursuant to appoint-ment the board of county commission-ers, accompanied by Attorney Hulanis-ki, Clerk C.R. Hollingsworth, and Re-KI, Clerk C. R. Hollingsworth, and Re-corder D. W. Ellis, visited the Ogden canyon road on Wednesday, the 2nd in-stant. The repairs made on this road quite recently, under the supervision of Commissioner Wilson, were consi-dered to be very thorough. Where heredered to be very thorough. Where here-tofore the melting snows have run down the center of the road in early spring, making ruts and gullies, the center has been raised and the upper side lowered and tile piping put in in places to direct this water, as also in places where there are small springs, to culverts which cross the road at in-tervals to convey the water into the river. The repairs made put the road in most excellent condition for travel. in most excellent condition for travel. The using of the tile piping is more expensive than lumber for culverts, but much more durable and lasting. In places where slides occurred proper at-

tention has been given to protect travel by having removed overhanging or loose rocks likely to start rolling. loose rocks likely to start rolling.

We think the keeping of this road in good condition is largely due the taxpayers of Ogden city, making them a driveway or boulevard during the summer season leading to the cool canyons as a means of health and recreation; especially so in view of the large amount of taxes paid by the citizens from which they derive no direct benefits on the roads within the city limits.

We also find that persons in enclosing their lands by fencing them have encroached upon the right-of-way, as also in locating sheds and barns, leaving the width of the road in some places as narrow as 27 feet. Your committee since its visit to the Canyon has given this matter considerable attention and this matter considerable attention and recommend that a committee be ap-pointed to have this road and its boundaries legally and properly located.

Respectfull submitted,

CITY COUNCIL MEETING.

Mayor Roylance presented a commu-nication to the council at its meeting last evening, objecting to the employ-ment of Councilman Johnson as fore-man of the work on the waterwrks ex-tension in Proceedings tension in Provo canyon, on the grounds only, that such employment was contrary to the statute. The mayor's communication was accompanied by an opinion from City Attorney Evans, which sustained the mayor's objection. On motion of Coun-cilman Decker, who explained that Mr. Johnson was looking after the work as a member of the committee on waterworks, the communication was accept ed and filed. City Attorney Evans, who was present and asked for an expression on the matter, stated that his opinion was not given in the matter of a member of the council doing necssary committee work.

Mayor Roylance also presented a communication in the matter of the ap-cointment of Councilman Bott to fill the vacancy occasioned by the resignation of Councilman Harding, the appointment having been made by a vote of five councilmen for and four against him. (There has been a contention that it was necessary for a majority of all the council elected to vote for the ap-pointment). City Attorney Evans' opinon was to the effect that the appoint-ment was legal. The communication was accepted and filed.

On the application of the Palace Drug ompany for a wholesale liquor license company for a wholesale liquor license, Marshal Henry was asked if he had any trouble with the applicant in regard to the observance of the liquor law. He replied in the negative, but would like to have an obstruction to a free view removed from the window. The license vas granted, subject to the request of

the marshal.

Councilman Beoth expressed the opinion that hereafter the marshal should be asked this question, and applicants should be denied a license if they falled to comply with the law. He believed that such a course would tend greatly to make the dealers observe the law.

City Recorder Harding presented an estimate of the expenses of the city for the remaining seven months of 1904, amounting to \$12.815. There is now in the treasury about \$8.000, and \$6.000 in the marshal.

GOOD FOR THE ELKS.

The public marriage which has been advertised for the Elks' reunion will not be celebrated as the grand exalted ruler of the order has telegraphed the local lodge not to make that a part of the program. It is believed by local members of the order that the reason for this instruction is that the supreme officer considers the ceremony, thus performed, as tending to lessen the respect and sanctity that should surround the marriage ceremony.
